Annual Meeting Guide to Exhibits

Our Guide to Exhibits is an 8.5" x 11" saddle-stitched book. Books are printed 4/C process on a 70 lb. white enamel text. All exhibitors at IAHCSMM conferences receive a listing in the Guide to Exhibits. The listing is alphabetical and includes the company name, a brief description of products or services (50 word maximum), and contact information. Deadlines for printing require a lead time of 45 days prior to conference dates.

We attempt to showcase exhibitors ads as close as possible to their alphabetical listing. Ads may be purchased in three different sizes as listed below.

(IAHCSMM Partners receive ad listings in the Guide as part of their partnership agreement.)
