NANCY CHOBIN, RN, AAS, ACSP, CSPDM

Nancy is a Corporate Consultant, educator at Saint Barnabas Health Care System in New Jersey. She is responsible for providing educational seminars in a numerous areas, some of which include sterilization, infection control, decontamination, preparation and assembly, surgical instrumentation preparation, chemical disinfection, materials management, inventory management, design of Central Service/SPD departments, centralization of surgical instrument processing, surgical case carts, and supply distribution systems.

Nancy has been a registered nurse since 1966 and has experience in Operating Room, Central Sterile Supply and Materials Management. She has developed over 15 surgical case cart systems and designed twelve Central Service Departments in the U.S. and Canada. Nancy has consulted in over 200 hospitals, healthcare systems, and surgery centers in the U.S.

Nancy is a member of AORN, AAMI (Association for the Advancement of Medical Instrumentation), SGNA

(Society for Gastroenterology Nurse and Associates) and IAHCSSM (International Association for Healthcare Central Service Material Management).

Nancy's literature is widely published. She has authored several books, training manuals, developed an instructional CD for the basics of sterile process and has authored and co-authored a whole host of articles in national magazines and journals.

Nancy currently resides in Lebanon, New Jersey.
